

Sales Meeting Summary

Main Focus

Reviewed active listings, construction progress, inspections, repairs, relisting strategy, and sales activity. Primary goal is to fully complete repairs before returning homes to market.

Key Sales Updates

Ridgeview has strong buyer interest. Five Points is receiving activity. Recently relisted properties are generating showings, but unresolved issues such as water intrusion are impacting momentum.

Major Property Updates

- West Ridge / Barrington – Repairs substantially complete.
- Willow Glen – Back to under construction due to drain repairs.
- Whitmer – Awaiting county inspection.
- Smith – Significant landscaping focus; 2–3+ weeks remaining.
- Greystone – Coordinating final trades and countertops.
- Tamba – Electrical service update required.
- Dogwood – Foundation/drainage issue under evaluation.
- Arcadia – Expected to start this week.
- Woodland – Demo, waterproofing, and plumbing underway.

Process Improvements

A new Active Listing Notes feature was introduced. Team members can log timestamped property visit notes, track issues, and improve visibility across active listings.

Top Priorities

1. Complete repairs before relisting.
2. Improve landscaping and curb appeal.
3. Accelerate permits, inspections, and vendor follow-up.
4. Finish nearly completed houses before starting new projects.
5. Use the new notes system for listing visits.
6. Resolve water intrusion issues quickly.
7. Keep light rehab properties from becoming full flips.

Key Action Items

- Follow up on permits and inspections.
- Verify landscaping quality before relisting.
- Coordinate remaining trade work at Greystone.
- Complete electrical work at Tamba.
- Inspect Dogwood drainage solution.
- Prevent countertop delays at Jeffrey.
- Start Arcadia and advance Woodland plumbing.
- Track all property visits using the new notes feature.
